## MDI JR.

### Marketing and Distribution

MDI offers consulting for strategic marketing and music distribution for young recording artists. MDI can assist new artists with this exciting step and gear them in the right direction because of its major success, experience and connections in the music world.

#### Soft Digital Release Package

This option is best for younger and newer artists. This package allows a new artist to release their music and start their promotion at their own pace. We, at MDI, feel that this is a very realistic and healthy approach for a young artist to enter into the music industry. MDI helps you with this exciting step by getting you on iTunes, Amazon and tons of other online recording stores as well as helping set up your social media accounts and consult you for further marketing opportunities with your music!
